Persona:

This is example of Jay Ronaldo persona.

Jay Ronaldo

Bio

Now he found a company in another place. Because of the need of his job, he needs to sit in front of the computer for a long time. He doesn't have enough time to find people who like the same sports in the same place. But he really likes playing football and ball games in his spare time. So he wants to find other sports partners who like football and basketball as much as he does, to exercise and relax with.
